OCULOFACIAL PLASTIC SURGERY OF HAWAII

Bradford W. Lee M.D., M.Sc.

An internationally acclaimed oculofacial plastic and reconstructive surgeon, Dr. Bradford Lee opened his Hawaii practice in 2021 to immediate recognition as a Top Doctor by Castle Connolly, Modern Luxury Magazine, and Honolulu Magazine every year since 2022, as well as "Honolulu's Best – Cosmetic Surgery" (2024, 2025).

A graduate of Iolani School, Harvard University, and Stanford Medical School, Dr. Lee was a professor of Oculofacial Plastic Surgery for six years at the University of Miami Bascom Palmer Eye Institute, ranked the #1 eye hospital in the U.S. for 23 years. An Associate Clinical Professor and Chief of Oculoplastic Surgery at the University of Hawai'i John A. Burns School of Medicine, he was elected a member of the prestigious American Society of Ophthalmic Plastic and Reconstructive Surgery.

"Having spent almost 20 years training and working on the mainland, I enjoy finally being home to take care of patients in Hawai'i," says Dr. Lee. "I love that we treat a wide diversity of conditions, from skin cancers around the eyes, reconstructive eyelid surgery, and thyroid eye disease to cosmetic eyelid and facial procedures that help patients reverse the signs of aging and feel more refreshed and confident about their appearance."

At Oculofacial Plastic Surgery of Hawaii, Dr. Lee and his team perform a wide array of surgeries and non-surgical procedures that address age-related, medical, and aesthetic concerns around the eyes and face. Conveniently located in Queens POB 1, the office has modern, in-office surgical suites and best-in-class lasers like the Picosure Pro and UltraClear for skin rejuvenation. By combining surgical expertise, evidence-based medicine, and an artistic approach, Dr. Lee and his team aim to provide compassionate, world-class care to all of Hawaii.
